OEL-912/65

9 July 1965

MEMORANDUM FOR: Deputy Assistant Director/Intercept Operations

SUBJECT: Telemetry Receiver Evaluation

REFERENCE: OEL-763/65 dated 15 June 1965

1. You had recommended that arrangements be made for an evaluation of a [] receiver for possible application to Agency and Third Party SIGINT stations. C/GSD contacted the company to arrange for a briefing on the receiver here at Headquarters. He was informed by [] that [] had independently contacted him and had requested that the receiver be left with the Agency for evaluation. 25X1A

2. The receiver itself was not actually built and checked out, and [] hoped that it would be finished in time to make a tentative date of 8 July at 1000 for the briefing. 25X1A

3. I think the Agency may appear to look a bit absurd to the outside world if we allow ourselves to stumble all over each other in this way, and you might like to take steps to see that possession of the ball remains clear.
